Maple Elementary School

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

DataQuest is an online data tool located at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2007-08)

This section provides information about the school, its programs and its goals.

PRINCIPAL'S MESSAGE

I'd like to welcome you to Maple Elementary Annual School Accountability Report Card (SARC). In accordance with Proposition 98, every school in California is required to issue an annual SARC that fulfills state and federal disclosure requirements. Parents will find valuable information about our academic achievement, professional staff, curricular programs, instructional materials, safety procedures, classroom environment, and condition of facilities.

Maple Elementary provides a warm, stimulating environment where students are actively involved in learning academics, as well as, positive values. Students received a standards-based, challenging curriculum by dedicated professional staff and based on the individual needs of the students. Ongoing evaluation of student progress and achievement helps us refine the instructional program so students can achieve academic proficiency

We have made a commitment to provide the best educational program possible for Maple Elementary's students, and welcome any suggestions or questions you may have about the information contained in this report or about the school. Together through our hard work, our students will be challenged to reach their maximum potential.

SCHOOL MISSION STATEMENT

The mission of Maple Elementary School is to prepare our students for the challenge of further education and to reach their potential by creating a love for learning through a standards-based curriculum, develop sound understanding of basic skills in reading, language and math through instruction that is activity-based and a curriculum that is integrated and help students develop a sense of dignity and self-worth by building self-esteem through a warm and nurturing, safe environment.

SCHOOL PROFILE

Hesperia Unified School District is located in the high desert region of San Bernardino County, approximately 40 miles north of the Ontario/San Bernardino valley. More than 20,000 students in grades kindergarten through twelve receive a rigorous, standards-based curriculum from dedicated and highly qualified professionals. The district is comprised of 15 elementary schools, 2 sixth grade academies, 3 middle schools, 2 comprehensive high schools, 1 alternative school, 2 continuation high schools, 1 community day school, and 6 charter schools.

Maple Elementary is located in the northwest area of Hesperia and serves students in grade kindergarten through six. At the beginning of the 2007-08 school year, 754 students were enrolled, including 7% in special education, 29% qualifying for English learner support, and 68% qualifying for free or reduced-priced lunch. Maple Elementary achieved a 2008 Academic Performance Index (API) score of 761.

At Maple Elementary, parents are encouraged to become active members in the school's learning community and assist in its goal to develop independent, self-reliant, lifelong learners. All parents are encouraged to participate in the Parent Teacher Association, School Site Council GATE Advisory Committee (Gifted and Talented Education), Room Parents (help in class and chaperone field trips), parent liaison (coordinates efforts), and English Language Advisory Committee. The principal and school staff welcome parents to participate in classroom activities, holiday programs, Back to School Night, Family Involvement Night, parent conferences, tutoring programs, Spring Fever Celebration, Lion Chats (meets once a month with the principal), and English language classes. Parents may contact the school office at (760) 244-3096 to obtain more information or complete a volunteer sign-up form.

School-to-home communication is provided in both English and Spanish and is facilitated through the school newsletter which is distributed every other month and includes information on campus activities, upcoming events, the school calendar, and other information as necessary. Most teachers prepare a weekly class newsletter that is sent home with students. General information is provided on the school marquee and website.

III. School Climate

School Safety Plan (School Year 2007-08)

This section provides information about the school's comprehensive safety plan.

The Comprehensive School Site Safety Plan was developed for Maple Elementary in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The plan's most recent review and update by school staff took place in August 2008. Staff training to discuss staff responsibilities and safety plan updates took place during staff in-service days in August 2008. A copy of the school site safety plan may be obtained at Maple Elementary's main office or the Hesperia Unified School District office.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

IV. School Facilities

School Facility Conditions

This section provides information about the condition of the school's grounds, buildings, and restrooms, and a description of any planned or recently completed facility improvements.

SCHOOL FACILITIES & SAFETY

Maple Elementary provides a safe, clean environment for learning through proper facilities maintenance and campus supervision. Original school facilities were built in 1984; ongoing maintenance and modernization projects ensure facilities remain safe and up-to-date as well as provide adequate space for students and staff. Throughout the years, portable classrooms have been added to the campus to accommodate growth in enrollment. The campus is comprised of the following:

Acreage = 10

Square Footage = 39,929

Number of Permanent Classrooms = 21

Number of Portable Classrooms = 15

Number of Restrooms (student use) = 2 sets

Computer Lab = 2

Choir/Instruction Room = 1

Music Room = 1

Health Office = 1

Staff Lounge = 1

Staff Workroom = 1

CAMPUS SUPERVISION

One proctor supervises the crosswalks and helps students safely cross the street before and after school. Each morning before school starts, proctors supervise students as they enter school grounds and in the cafeteria while breakfast is served. During recess, teachers are on the upper and lower playgrounds to monitor behavior and playground activities. During lunch, proctors monitor both cafeteria and playground activities. At the end of the day, teachers escort students to on-campus after-school programs, the bus loading area, and student pickup areas to ensure students leave campus safely.

CAMPUS MAINTENANCE

The custodial staff and district's maintenance department work together to ensure playgrounds, classrooms, and campus grounds are well-maintained and kept safe and functioning for students, staff, and visitors. The principal and custodians communicate daily regarding maintenance issues and special projects; hand-held walkie talkies enhance two-way communication efforts and help facilitate an immediate response to emergency situations.

One full-time custodian, one full-time evening custodian, and one part-time evening custodian are assigned to Maple Elementary and work closely with the assistant principal for routine maintenance, daily custodial duties, and special events. Every morning before school begins, the day custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. As part of the daily schedule, the day custodian is responsible for cleaning the cafeteria when students are finished with breakfast and lunch. The restrooms are checked regularly 3-5 times a day by the custodian. The evening custodians clean classrooms, desks, school offices, and restrooms, and are responsible for set up and take down of equipment and/or furniture for afternoon and evening events. The principal and assistant principal communicate daily with custodial staff to address maintenance needs, safety issues, and cleaning practices.

Maple Elementary works closely with the district's Maintenance & Operations department (M&O) for larger projects, routine facilities maintenance projects, and school inspections. The most recent facilities inspection at Maple Elementary took place on July 30, 2008. M&O employs a work order process that enables Maple Elementary to communicate unscheduled maintenance needs, urgent repairs, or special projects. Emergency situations are regularly resolved in one hour or less.

Planned Improvement

DEFERRED MAINTENANCE

Hesperia Unified School District participates in the State School Deferred Maintenance Program which provides dollar-for-dollar matching funds to assist school districts with major repairs or replacement of existing school building components. Deferred maintenance projects generally include roofing, plumbing, heating, air conditioning, electrical systems, interior/exterior painting, and floor systems. During the 2007-08 school year, Maple Elementary received \$296,190 in deferred maintenance funds which were used for asphalt, HVAC, and painting improvement projects throughout the campus.

VII. Curriculum and Instructional Materials

Quality, Currency, and Availability of Textbooks and Instructional Materials (School Year 2008-09)

Textbook Information

This section provides information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school, and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

All textbooks used in the core curriculum throughout Hesperia Unified School District are aligned to the California Content Standards and Frameworks. Instructional Materials for grades K-8 are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. Instructional materials for grades 9-12 are standards-based and approved by the district's Board of Trustees. The district follows the State Board of Education's six-year adoption cycle for core content materials and the eight-year cycle for textbook adoptions in foreign language, visual and performing arts, and health. District textbook review and adoption activities occur the year following the state's adoption. Parents are invited to preview proposed adoptions at the district office for one evening and ten days prior to approval by the school board. On September 9, 2008, the Hesperia Unified School District Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution No.2008/09-24 which certifies as required by Education Code section 60119 (1) that textbooks and instructional materials were provided to all students, including English learners in the Hesperia Unified School District to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home to study, (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts, (3) sufficient textbooks or instructional materials were provided to each pupil enrolled in foreign language or health classes, and (4) sufficient laboratory science equipment was provided for science laboratory classes offered in grades 9-11, inclusive.

IX. Student Performance

California Standards Tests

The California Standards Tests (CSTs) show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades 2 through 11; science in grades 5, 8, and 9 through 11; and history-social science in grades 8, and 10 through 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and performance level, including the percent of students not tested, can be found on the Standardized Testing and Reporting (STAR) Results Web page at <http://star.cde.ca.gov>. Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

API Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the AYP Web page <http://www.cde.ca.gov/ta/ac/ay/>.

AYP Overall and by Criteria (School Year 2007-08)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	No	No
Participation Rate - English-Language Arts	Yes	Yes
Participation Rate - Mathematics	Yes	Yes
Percent Proficient - English-Language Arts	No	No
Percent Proficient - Mathematics	Yes	No
API	Yes	Yes
Graduation Rate	n/a	No

Federal Intervention Program (School Year 2008-09)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

Indicator	School	District

XI. Instructional Planning and Scheduling

Professional Development

This section provides information on how teachers and staff are trained for instructional improvement.

All professional development activities in Hesperia Unified School District revolve around the California State Content Standards and Frameworks and are research-based. Certificated staff build teaching skills and concepts through participation in ongoing training sponsored by the district and school site. During the 2007-08 school year, the district made available one staff development buy-back day and supplemental training involving curriculum, teaching strategies, and methodologies in the content areas of writing and math. Each school site then identifies and coordinates its own staff development activities based upon individual student needs, school site plans, and the district's designated focus areas.

During the 2007-08 school year, Maple Elementary held one staff development buy-back day to reinforce Guided Reading, DIBELS, English language development instruction and standards, curriculum calibration and pacing plans, teacher expectations, and student assessment. Training topics were selected by School Leadership Team and principal based upon the school's focus areas. The Leadership Team analyzes student test results from the California standardized tests and district benchmark assessments, reviews feedback from classroom observations, and considers teacher input to identify programs enabling teachers to deliver a challenging and rigorous standards-based education fostering student success and proficiency.

The district supplements site-level professional development to follow up and support year-round and ongoing programs centered around the district's focus areas of reading and math. Supplemental professional development is offered throughout the school year on early student release days, during summer vacation, and on weekends. Staff development topics and focus areas are identified and selected based upon input from the district's Professional Development Committee, Principals' Roundtable, and teacher survey results. The Professional Development Committee meets four times a year to review student test results from state and district assessments and review teacher survey needs. The Principals' Roundtable provides opportunities for school principals to discuss and share training needs based upon data analysis and classroom observations from each school site.

New teachers receive intensive support and training through the district's Induction Program and New Teachers Academy. For beginning and out-of-state teachers, the district utilized the state Induction Program (formerly known as Beginning Teacher Support and Assessment), a statewide and state-mandated research-based program providing support and skill building through formative assessment and individualized support based on assessment. The New Teachers Academy sponsors three new teacher orientations each year to support year-round hiring practices; the orientation is a comprehensive overview of the district's policies, school law, ExCEL philosophy, English language learners support, curriculum, instruction, and grade-level and content area specialties.

Professional Development Days
